

Fortuna is a proudly veteran-owned company, dedicated to excellence in every aspect of our operations. We are honored to hold certifications from NaVOBA as a **Service-Disabled Veteran's Business Enterprise (SDVBE)** and from Disability:IN as a **Disability-Owned Business Enterprise (DOBE)**. Our commitment to supporting veterans and delivering outstanding services sets us apart.

Our IT Services are tailored to deliver results. With an outcomes-based approach, we analyze how processes impact your desired outcomes. Everything from business analysis to IT consulting, digital transformation, systems integration, data analytics, change management, and IT strategy development.

CORE CAPABILITIES:

Data Security

We provide comprehensive data security solutions, ensuring your information is protected against threats and breaches.

ERP Solutions

Custom ERP system development and integration.

Custom Software Development

We develop bespoke software applications tailored to your specific business needs ensuring seamless integration and functionality.

PAST PERFORMANCE:

Staff Augmentation

Fortuna played a critical role in developing software solutions across various platforms. Our team contributed to application development, database management, and software maintenance, helping Affinian streamline its operations and improve its service delivery.

INFOR ERP Upgrade

Fortuna successfully led the development, testing, and deployment of an upgraded ERP system for PRIDE Industries. This \$4M 18-month project focused on improving cost accounting capabilities and standardizing business processes, delivering a highly efficient and compliant ERP solution.

Network Engineering

Fortuna provided network engineering services and system integration solutions to support the implementation of the RSA Archer GRC platform. This included configuring complex network systems and ensuring secure integration across various tools and platforms, enhancing operational efficiency for the department.

THE FORTUNA DIFFERENCE

What sets Fortuna apart is our ability to rapidly deploy customized, expert teams tailored to your needs, combined with our deep, diverse expertise and client-centric approach that simplifies complex challenges.

WHY CHOOSE US:

We serve a diverse range of markets, from corporate enterprises to government contractors and businesses of any size. No matter what the business, Fortuna is here to help you **grow thru simplicity**.

Small & Large Business

Fortuna is dedicated to supporting small and large businesses by providing skilled professionals to fill gaps and address any business challenge.

Corporate Enterprise

Fortuna is focused on empowering corporate enterprises by delivering on-demand scaling and sourcing diverse talent to meet their unique goals.

Government Agency

Fortuna is committed to partnering with government agencies, helping contractors achieve their project goals by filling critical gaps.
